Today, we worship with the Africans. Since MUBT training in Liberia in 2011, their churches have more than doubled in number.	Today, Rosene begins to teach and Ralph begins to train church leaders in evangelism, discipleship, and church planting.	Our goal is to plant a church at the Eagle's Nest Academy location. We have a person of peace who's making this possible.	Today we visit with our African brothers in the neighborhood around Eagle Nest and invite them to hear our stories. Pray! Pray!	Tonight we will tell the Old Testament stories to those who will meet with us at Eagle's Nest. Our trainees will tell the stories.	Tonight we tell the New Testament stories, the Gospel and will give seekers an opportunity to trust in Jesus Christ as Savior and Lord!!	Tomorrow, the Lord willing, worship services will begin at the school led by the church that had the fire September 29.
